

Pumps that Perform!

Aqua-Flo Two-Speed Pumps for Expanded Hydrotherapy

Our two-speed pumps increase your hydrotherapy options. We give you the choice of gentle or firm massage, at the touch of a button.

Soft Start Pumps & Performance

The soft start feature allows the pump to engage with less start-up torque, reducing the strain on the motor and increasing its life.

Sof\$oftStart

A well designed spa allows for "PEAK" pump performance

Our efficient plumbing and quality jets, ensure that the pumps operate at their full potential, delivering the ultimate hydrotherapy experience.

Crystal Waters spa pumps provide maximum enjoyment, without blasting you out of the spa.
